

## **DeWitt Fire District**

### **OFFICE OF THE CHIEF OF FIRE**

Commitment to safety ♦ Integrity ♦ Dedication to excellence ♦ Teamwork ♦ Innovation

July 14, 2025

Dr. Edward Michalenko, PhD.  
Town of DeWitt Supervisor  
5400 Butternut Drive  
East Syracuse, New York 13057

Dear sir:

Please find enclosed the quarterly report for the provision of service to the fire district as required.

As with the first quarter report, this includes a breakdown of responses according to NFIRS (National Fire Incident Reporting System) call type. Calls are broken out further for those answered from Station 1 (4500 East Genesee Street) and from Station 2 (148 Sanders Creek Parkway). Some calls are answered by both stations; however primary station area is indicated based on geographic zone. Incidents have also been broken out between the original fire district and the previous fire protection district.

There were three instances of missed calls due to operating at working fire incidents in a mutual aid district and one delayed response to an in district call due to multiple simultaneous calls.

Thank you for your continued cooperation. Please feel free to reach out if there are any questions or if any additional information is required.

Respectfully submitted,

Jason Green  
Fire Chief

---

**4500 EAST GENESEE STREET – DEWITT, NEW YORK 13214-2230**

Phone: (315) 446-3195 – Fax: (315) 446-8634

#### Response Times:

Response times are linked from the Onondaga County 911 Center CAD (Computer Aided Dispatch) system into our fire reporting platform. These times are posted for public transparency monthly by the [Onondaga County Department of Emergency Management](#).

Response times for emergency/non-emergency responses are not differentiated. Fire and EMS calls are also not differentiated in CAD data. Onondaga County uses Priority Emergency Medical Dispatch criteria to indicate severity of medical calls, which will often dictate response mode. The Onondaga County data does not include data for calls where mutual/automatic aid is provided, which will show a slight differentiation between CAD data and NFIRS data.

Many dispatches indicate a non-emergency response (without lights and sirens) which means apparatus is travelling with other traffic. Response mode practices vary slightly between different agencies however all fire departments use similar prudent judgment for response mode.

Budget:

The current year-to-date (June 30) budget summary is below. Based on the volume of initial expenses and calendar timing, the current budget continues to be in line with expectations.

First/Second Quarter Budget Summary:

Contract Revenue:	\$ 2,000,000.00
LDC Reimbursement:	\$ 35,461.33
Interest Earned:	\$ 21,633.07
<b>TOTAL REVENUE:</b>	<b>\$ 2,057,094.40</b>

Personnel:	\$ 711,622.22
Benefits:	\$ 119,859.24
Equipment/Building:	\$ 144,240.52
Contractual:	\$ 126,412.61
Apparatus:	\$ 118,615.81
<b>TOTAL EXPENSE:</b>	<b>\$1,220,750.40</b>

<b>Budgeted Expense</b>	<b>\$ 1,000,000.00</b>
FAVORABLE (UNFAVORABLE)	<b>(\$ 220,750.40)</b>
Adjustment (less LDC expense)	\$ 35,461.33
<b>ACTUAL FAVORABLE/UNFAVORABLE</b>	<b>(\$ 185,298.07)</b>

Percentage of expenses personnel related: **75%**

As we enter the third quarter, two additional firefighters have completed recruit training and will be assigned to a regular shift rotation which will help level out the personnel cost for the remainder of the year.

The capital purchase of a fire engine and associated equipment is also included although not part of the original budget or proposal.
